The diagram shows a grid of guitar chord diagrams. The first row starts with an E7b9 chord at fret 4, with arrows pointing to five Am chords at frets 7, 5, 5, 7, and 5. The grid continues with various other voicings for E7b9, Am, and Am6 across different frets (7, 10, 12, 2, 5, 8, 10, 12, 14, 17, 9). Each diagram shows the fret number, the chord name, and the fingerings on the strings.

The image displays a collection of guitar chord diagrams for various chords, organized in a grid. The chords shown include E7b9, Am, E7, Am6, and Am6b9. Each diagram is a 6-string fretboard with dots representing notes. Some diagrams include open circles, likely representing diminished triads. The diagrams are arranged in rows and columns, with some cells containing empty grids. The chords are labeled above each diagram. The diagrams are arranged in a grid of 10 rows and 8 columns. The first four columns are grouped by a vertical line, and the last four columns are grouped by a vertical line. The chords are as follows:
